PREFACE.

The Publishers of the Post-Office Greenock Directory beg to thank the Subscribers and the Public generally for the kind support accorded them on previous occasions, and assure them the utmost care has been bestowed on the present issue to have it as correct as possible. The Publishers trust it may be found both useful and acceptable.

The DIRECTORY for GOUROCK is continued.

The Plan of the Town, as heretofore, is by John Bartholomew, Esq., F.R.G.S., Edinburgh, and having been very carefully corrected up to the present time, it may be relied on as being thoroughly accurate.

The Publishers, while deeply regretting the long severe depression of trade, believe the signs of the times point to a brisker and more settled state of the staple trades of our Town, and they earnestly hope the former prosperity may soon return and be an accomplished fact.

Post-Office, Greenock, *June*, 1889.

A letter posted unpaid is chargeable on delivery with double postage, and a letter posted insufficiently prepaid is charged with double the deficiency. On a re-directed letter, the charge for re-direction is the same whether prepaid or collected on delivery.

No letter may exceed 18 inches in length, 9 in width, or 6 in depth,

unless it be sent to or from a Government office.

Addresses to the Queen and Petitions to Parliament.

Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are either without covers or are in covers open at the ends. No letter, or other enclosure, however, must be inserted; and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

[†] If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

NEWSPAPERS.

Ist. The prepaid postage on every inland newspaper is one halfpenny, but a packet, containing two or more registered newspapers, is not liable to a higher rate than the book-postage upon it would be. For each transmission a fresh postage must be paid.

2nd. A Newspaper posted unpaid, or a packet of Newspapers posted unpaid, or insufficiently paid, is treated as an unpaid or

insufficiently paid book-packet of the same weight.

3rd. Any publication fulfilling the subjoined conditions can, upon payment of an annual fee of 5s, be registered at the General Post Office for circulation within the United Kingdom as Newspaper, as also for transmission to places abroad. Unregistered, a Newspaper is liable to the book rate of postage.

> a. The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.

> b. It must be printed and published in the United Kingdom, and in numbers at intervals of not more than seven days.

- c. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date at the top of every subsequent page. This regulation applies also to "Table of Contents" and "Indices."
- d. A supplement must consist wholly or in great part of matter like that of a Newspaper, or of advertisements, printed on a sheet or sheets, or on a piece or pieces of paper, unstitched; or wholly or in part of engravings, prints, or lithographs, illustrative of articles in the paper. It must in every case be published with the paper, and have its title and date printed at the top of every page; or, if it consists of engravings, prints, or lithographs, at the top of every sheet or side.
- 4th. A Newspaper, if posted in a cover, must have such cover open at both ends, so as to admit of easy inspection.*

5th. The title of every Newspaper must be exposed to view.

6th. A Newspaper or packet of Newspapers must not contain any enclosure except the relative supplement or supplements.

Book Packet.

Prepayment, when the circulation is within the United Kingdom, is optional: and if it be made in part, the simple difference only will be charged.

Parliamentary Proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between

which and this country there is a Book Post,

I .- BOOK POST (Inland).

A Book Packet may contain, not only books, papers, or other substance in ordinary use for writing or printing, whether plain or written or printed upon (to the exclusion of any written letter, or communication of the nature of a letter), photographs, when not on glass, or in frames containing glass, or any like substance, and anything usually appertaining to such articles in the way of binding and mounting necessary for the safe transmission by post, but also CIRCULARS—i.e., letters which appear from internal evidence to be intended for transmission in identical terms to several persons, and the whole or the greater part of which is printed, engraved, or lithographed.

6th. No book packet may exceed 5 lbs. in weight, or 1 foot 6 ins. in length, 9 ins. in width, and 6 ins. in depth, unless it be sent to

^{*} In order to secure the return of book packets which cannot be delivered, the name and address of the senders should be printed or written outside, thus—'' From — , of — — ."

[†] It is the duty of the Postmasters, whenever they have ground for suspecting an infringement of any of the above conditions, and occasionally, even when there is no ground for suspicion, to open and examine book packets posted at, or passing through, their offices.

- 2. No packet must exceed 8 oz. in weight. The limits of dimensions are 12 inches by 8 inches by 4 inches. If either of these conditions be infringed, the packet will not be forwarded, but will be returned to the sender.
- 3. If a packet be posted wholly unpaid, it will on delivery be chargeable with double postage; a packet posted insufficiently paid will be chargeable with double the deficient postage.
- 4. - 5. Patterns and samples must be sent in wrappers (marked "Pattern Post" or "Sample Post") entirely open at both ends, and must be so packed that they may, to the satisfaction of the Postmaster General or his officers, be easily withdrawn for examination; but samples of seeds, flour, drugs, and such-like articles, which cannot be sent in open wrappers, may be enclosed in boxes (but in such a way as to admit of easy examination) or in bags of linen or other like material, tied at the neck. Closed bags, even if transparent, will not be allowed. In all cases where the requirements in regard to the mode of enclosure are not complied with, the packet will be returned to the sender.
- 6. It is obligatory that the name, address, and trade of the sender be in all cases printed on the outside of the wrapper, above the address. If this rule be not complied with, the packet will be liable to the penalty referred to in Clause 4.  - c. By a fresh wrapper bearing the printed address, &c., and heading above described.
 - 7. The number, price, and private business marks may (as well as the address) be in writing, but no other writing will be allowed. In case of the infringement of this rule, the packet will be surcharged at the letter-rate.
 - 8. No glass bottle, or glass in any form, may be sent; no explosive, liquid, semi-liquid, or greasy matter, nor powders of any kind which may stain or do other damage; nor any living creature.
 - 9. Patterns or scissors, knives, razors, and other sharp articles, must be so packed and guarded as to completely prevent injury to the other contents of the mail bags, or to the officers employed, but the packets

must at the same time admit of easy examination. When these require-

ments are not complied with, the packet will be stopped.

10. When necessary for securing due transmission, or delivery, of letters, patterns and samples may be kept back for the succeeding despatch or delivery.

POST CARDS.

I. Official Post Cards, impressed with halfpenny stamp; double or Reply Post Cards, impressed with halfpenny stamp on each portion of them, and private Cards, embossed at the office of the Inland Revenue with halfpenny stamps, may be transmitted between places in the United Kingdom with letters printed or written upon the back. Adhesive

stamps are not accepted in payment of the postage.

2. The front (or stamped) side is for the address only, in addition to the printed words "Post Card" and "The address only to be written on this side." There must be nothing else written, printed, or otherwise impressed on it, nor must there be any writing or printing across the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached, except an adhesive stamp for a late fee; nor may the card be folded, cut, or otherwise altered. If any one of these rules be infringed, the card will be charged 1d on delivery.

3. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, Post Cards (unless paid for and posted as late letters) may be kept back until the next despatch or

delivery.

4. No Card other than one of those issued by the Government, or a private Card embossed with a halfpenny stamp at the Office of Inland Revenue, Somerset House, or at the Stamp Offices at Liverpool and Newcastle-on-Tyne, will pass under a halfpenny stamp, if it bear on it a communication of the nature of a letter (unless it be a circular letter.)

5. Post Cards for abroad, with impressed stamps of Id, 1½d, 2d, and 3d each, are sold at those rates, and are transmissible to all the countries of the Postal Union, and Australia, New Zealand, and Fiji without

extra charge.

6. Reply Post Cards for certain places abroad are also issued with impressed stamps of 2d, 3d, and 4d respectively.

GENERAL REGULATIONS.

It is forbidden to put forward by post any indecent or obscene print, paintings, photographs, lithographs, engravings, book, or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any other words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will be stopped and sent to the Returned Letter Office.

Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the mail bag, or the person of any officer of the Post Office. If such a packet be posted without the Postmaster's knowledge, or if at any time

before the despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Secretary. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, or vegetables; bladders, or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion.

REGISTRATION.

I. The fee for registering a letter, newspaper, or book-packet passing by post between any two places in the United Kingdom is twopence, and this registration fee and the postage must be prepaid, except on official letters for Government Offices in London, Dublin, or Edinburgh, which may be registered on prepayment, in stamps, of the registration fee only.

2. No articles addressed to initials or to a fictitious name can be

registered, unless it be addressed to the care of a person or firm.

3. Every article presented for registration must be enclosed in a strong cover, securely fastened. If the article contains money, it must, in order to gain the benefit of the guarantee, be enclosed in a Registered Letter Envelope sold by the Post Office; and if coins are sent, they must on no account be put in loose, but must be packed and enclosed in such a way as to move about as little as possible.

4. Every article to be registered must be given to an agent of the Post Office, and a receipt obtained for it; and it should on no account be dropped into a letter-box. If, contrary to this rule, an article marked "Registered" be dropped into a letter-box, it will, if directed to any place in the United Kingdom, be liable to a registration fee of 8d (less any amount prepaid for registration), instead of the ordinary fee of 2d.

5. The latest time for posting registered articles on payment of the ordinary fee is usually half an hour before the closing of the Letter Box; but at all l'rovincial Head Offices and at the Chief Offices in Edinburgh and Dublin, articles bearing a late fee of fourpence, in addition to the ordinary registration fee, may be registered at any time within the half

hour if the office is open to the public.

6. The loss of a registered article (as it can be traced through its whole course) is a rare occurrence. Nevertheless large sums of money or other articles of great value should not be sent through the post, even if registered; as the machinery of the Department is not arranged with a view to such transmissions. If sent *unregistered*, valuable articles are exposed to risk; consequently, Inland letters or packets which contain coin, watches, or jewellery, if posted without registration, are subjected to registration, and are charged on delivery with a fee of eightpence in addition to the ordinary postage. If they cannot be registered in time to be forwarded by the mail for which they are posted, they are detained for the next despatch.

7. By law the Postmaster General is not responsible for the safe delivery of registered articles, but henceforth he will be prepared to give compensation for the loss and damage of a registered article lost

while passing through the post to an amount not exceeding £5. Where in addition to the postage and the registration fee an insurance fee of 2d is paid, the Postmaster General will give compensation to an amount not exceeding £10, provided—

(a.) That the sender duly observed all the conditions of registration.

(b.) That the article was securely enclosed in a reasonably strong cover; and, if it contained money, that it was enclosed in one of the Registered Letter Envelopes sold by the Post Office. The compensation given in respect of the loss of coin shall not exceed £2.

(c.) That application was made to the Secretary of the Post Office

immediately the loss was discovered.

[When the complaint is that the contents of a letter or packet have been abstracted, the envelope must accompany the application, otherwise the question will not be entertained.]

(d.) That the Postmaster General, whose decision shall be final, is satisfied that the loss occurred while the article was in the custody of the British Post Office and was not caused by any fault on the part of the sender.

[The word "loss" here does not include damage to an article which in fact reaches its destination, or destruction by fire or shipwreck, or by the dishonesty or negligence of any

person not in the employment of the Post Office.]

8. The Postmaster General will in every case either of loss or damage, if he thinks fit, reinstate the contents of a letter instead of

giving pecuniary compensation.

9. Where compensation is given for the loss of a letter or of any article contained in a letter, the Postmaster General will reserve the right to retain and dispose as he thinks fit of the letter or of the missing article therein, in case it should subsequently come into his hands.

will give compensation to an amount not exceeding f.I.

c. Where, in addition to the postage, an insurance fee of 2d is paid, the Postmaster-General will give compensation to an amount not

exceeding £ 10.

In no case will a larger amount of compensation than £10 be paid. The compensation given in case of damage will be in proportion to that which would have been given had the parcel been lost.

No legal liability to give compensation in respect of any parcel will attach to the Postmaster-General, either personally or in his official capacity, and whether or not an insurance fee has been been paid. Accordingly the decision of the Postmaster-General as to all questions of compensation will be final.

MONEY ORDERS.

The Public are recommended, when applying for Money Orders, to use printed "Application Forms," which save time and afford greater security than verbal messages against mistakes. These forms are supplied gratuitously at all Money Order Offices.

The Commission on Inland Money Orders is:—

For sums	not exce	eding L	1				2d
TOI Sums					•	•	2000
,,	exceedin	ig £1 an	id not excee	ding £2			3d.
,,	,,	£2	,,	£4			4d.
71	**	£.4	,,	£,7			5d.
**	77.	£7	,,,	€,10			6d.

No order may contain a fractional part of a penny.

The applicant must furnish, in full, the surname and at least the initial of one christian name, both of the remitter and the payee, and the remitter's address. In the case of Foreign Orders the full address of the payee must be given; and if the Order be payable to a native in British India, the Tribe or Caste, and the Father's name, must also be furnished.

- Exceptions.—Ist. The remitter of an Inland Order may direct, at the time of issue, that the Order be crossed like a cheque thus, & Co., and thus be payable only through a Bank. In that case he may give or withhold the name of the payee. The designation of the Bank need not be furnished.
 - 2nd. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.
- 3rd. The usual designation of a firm is sufficient, except when a company trades under a title which does not consist of the names of the persons composing it, as the "Carron Company," but even a designation of this nature may be accepted provided the Order be crossed for presentation through a Bank.

The holder of an Inland Money Order may direct, by crossing it, that the Order be paid through a Bank, even though its payment was not originally so restricted.

An Order once issued cannot be cancelled. Should repayment or transfer to a different office be required, the remitter or payee must make application at the nearest Money Order Office for the necessary form to effect such.

The remitter of an order has full control over the money until payment has actually been made by the Department. The remitter may make his Order payable ten days after date, provided that, when he obtains the order, he affix thereto in the presence of the Postmaster, in the space after the request C., a penny adhesive stamp, and write his signature across the stamp.

Money Orders do not require a receipt stamp.

Payment of an Order cannot under any circumstances be made on the day of issue.

Although at the end of twelve months from that in which it was issued, a Money Order, if still unpaid, becomes legally void, nevertheless when a good reason can be given for the delay in presenting it, an application for payment, subject to a certain deduction, is entertained.

After once paying a Money Order, by whomsoever presented, the Office is not liable to any further claim.

Broken amounts may be made up by the use of postage stamps, not exceeding fivepence in value, affixed to the face of any one Postal Order.

3. The person to whom a Postal Order is issued must, before parting with it, fill in the name of the person to whom the amount is to be paid, and may fill in the name of the Money Order Office at which the amount is to be paid. The person so named must, before payment can be made, sign the receipt at the foot of the Order, and must also fill in the name of the Money Order Office, if that has not been already done.

4. If a Postal Order be crossed " payment will only be made through a banker, and if the name of a

banker is added, payment will only be made through that banker. 5. A Postal Order presented by or through a banker for payment, will not (in the absence of an express arrangement between such Banker and the Postmaster-General to the contrary) be paid until after such Order has been examined at the chief office.

6. After a Postal Order has once been paid, to whomsoever it is paid, the Postmaster-General will not be liable for any further claim.

7. If any erasure or alteration be made, or if the Order is cut, defaced, or mutilated, payment may be refused.

8. The regulations under which Postal Orders will be issued allow the Postmaster to delay or refuse the payment of an Order, but he must

at once report his reason for so doing to the Postmaster-General.

9. After the expiration of three months from the last day of the month of issue, a Postal Order will be payable only on payment of a commission equal to the amount of the original poundage, with the addition (if more than three months have elapsed since the said expiration) of the amount of the original poundage for every further period of three months which has so elapsed, and for every portion of any such period of three months over and above every complete period.

10. The commission thus paid must be affixed in Postage Stamps

to the back of the Order.

SAVINGS BANK.

Every Money Order Office is also a Savings Bank, and is open for Bank business during the same hours as for Money Orders.

Deposits of one shilling, or of any number of shillings, or of pounds and shillings, may be made by any person at the Post Office Savings Bank, provided that such depositor shall not make deposits amounting to more than £30 in any year ending 31st December, or make any further deposit when the amount standing in his name exceeds £150, exclusive of interest. When any depositor's principal and interest amount together to £200, all interest will cease so long as the balance

of the account continues to amount to the said sum of £200.

Interest at the rate of £2 10s per cent. per annum (which is at the rate of sixpence a year, or one halfpenny a calendar month, for each complete pound) is allowed until the sum due to a depositor amounts to £200, when interest ceases. The calculation is made from the first day of the calendar month next following the day on which a pound has been deposited, or completed, up to the last day of the calendar month preceding the day on which a warrant for repayment is issued, and after each 31st December the interest is added to the principal.

When a depositor wishes to make a withdrawal from his account, he should fill up and forward to the Savings Bank Department a notice of withdrawal, which he can obtain at any Post Office Savings Bank. He will then receive by post a warrant, which he should present together with his book at the Post Office, where payment is to be made. The Postmaster General will endeavour to prevent fraud, and to identify every depositor transacting business with the Post Office Savings Bank; but if any person shall obtain possession of a depositor's book, and then fradulently represent him to be the depositor, and by forwarding the proper notice of withdrawal, and by presentation of the depositor's book, and compliance with the rules of the department, shall obtain any sum of money belonging to that depositor, the Postmaster General will not be responsible for the loss thereof.

On making his first deposit, every person must give his Christian name and surname, and state his occupation and residence, and must sign a declaration, to be witnessed by the Postmaster, or by some person known to the Postmaster, or by a minister or churchwarden of the parish in which the depositor dwells, or by a Justice of the Peace; and if such declaration or any part thereof shall not be true, the depositor

making the same shall forfeit all right to his deposits.

At every Post Office in the United Kingdom forms can be obtained free of charge, on which twelve penny postage stamps can be fixed; and when the form has been thus filled with twelve penny stamps, it will be received at any Post Office Savings Bank as a Savings Bank deposit for a shilling.

INVESTMENT AND SALES OF GOVERNMENT STOCK.

A depositor in the Post Office Savings Bank who desires to invest in Government Stock must send to the Controller of the Savings Bank Department, General Post Office, London, together with his deposit book, an application signed by him on a form to be obtained at any Post Office Savings Bank. Such investments can be made in Consolidated, Reduced, or New Three per cent. Stock, or in Two and Three Quarters or Two and a Half per cent. Stock.

Within seven days from the receipt of such application the Depositor's account will be charged with the current price of the Stock purchased and the commission, the necessary entries being made in his deposit book; and the Depositor will be credited in the Government Stock Register of the Post Office Savings Bank with the equivalent amount of Stock, and an investment certificate will be sent to him by post.

The minimum amount of Stock which may be purchased or sold

is one shilling, and not more than £100 Stock can be credited to an account in any year ending the 31st December, or £300 Stock in all.

For the purpose of an immediate investment in Government Stock a deposit to an amount not exceeding the value of £100 Stock with the commission may be made in one year ending the 31st December, irrespective of the limits for ordinary deposits.

Deposits for immediate investment can be made in the accounts of minors under seven years of age, the application to invest being signed at the time the deposit is made by the person, who, if the deposit were a first deposit, would be required to make the declaration, but the Stock

cannot be sold until the minor attains the age of seven years.

GOVERNMENT INSURANCES AND ANNUITIES.

The Postmaster General is empowered, under the Act 45 and 46 Vict., cap. 51, to insure the lives of persons of either sex for any amount not less than £5 or more than £100. An insurance may be effected by any person not over the age of 65 years, and not under the age of 14 years; or, if the amount does not exceed £5, not under the age of 8 years. The Postmaster General is also empowered, under the same Act, to grant immediate or deferred annuities for any amount not less than £1 or more than £100 to any person not under the age of 5 years.

The persons whose lives are insured, or to whom annuities are granted by the Postmaster General, have direct Government security

for the payment of the money at the proper time.

Forms of proposal for the insurance of lives and the purchase of annuities and information as to filling them up, may be obtained at any Post Office Savings Bank, where also the whole of the tables of the premiums to be charged may be seen or purchased.

PATTERNS AND SAMPLES.

1. The pattern and sample post to foreign countries and the Colonies generally is restricted to bona fide trade patterns or samples of merchandise. Packets containing goods for sale, or in execution of an order (however small the quantity), or any articles from one private individual to another which are not actually patterns or samples, can only be forwarded as letters.

2. Patterns or samples, when practicable, must be sent in covers open at the end, and in such manner as to be easy of examination. But samples of seeds, drugs, and such like articles, which cannot be sent in covers of this kind, may be posted enclosed in boxes, or in bags of linen, or other material, fastened in such a manner that they may be

readily opened.

3. Such articles as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and to the officers of the Post Office, while at the same time they may be easily examined, may be sent as samples to places abroad. Liquids, glass, anything of a greasy nature, explosives, indigo, and powders of all kinds are absolutely prohibited.

4. A packet of patterns or samples sent to any place comprised in the Postal Union (except Belgium, France, Greece, Luxemburg, Portugal, Switzerland via France, or the United States), must not exceed 8 inches in length, 4 in width, or 2 in depth. The limit to Belgium, France, Greece, Luxemburg, Portugal, Switzerland, via France, or the United States, is 1 foot in length, 8 inches in width. and 4 inches in depth. The size of a packet for a non-union country or colony is limited to 2 feet in length and 1 foot in width or depth.

The Chamber of Commerce and Manufactures of Greenock, at a General Meeting held this day, declare that the following is the Custom of the Port of Greenock, with reference to the matters herein referred to, applicable when no special stipulations are made in Charter Parties or other binding documents:—

I.—ENTERING CARGO.

1. When a vessel has been reported at the Customs, the Master gives notice to the Consignee, and the latter is bound, within forty-eight hours after such notice, to enter the cargo at the Customs.

II .- BERTHING VESSEL AND DELIVERING CARGO.

- I. Vessels are bound to discharge at the berths assigned by the Harbour Master, and Consignees are bound to take delivery of cargo from alongside when landed at the quay at said berths.
- 2. In the case of Timber discharged into the water, the Consignee is not bound to take delivery unless the timber is inside a Harbour Basin, so that when the assigned berth is not inside a Harbour Basin, the ship is bound to float the timber into a Harbour Basin, and deliver it there.
- 3. All deals, staves, or broken stowage must be landed on the Quay by the ship.

III.—Time for Discharging when no Number of Lay Days is Specified in the Charter Party.

- 1. When the vessel is in the berth assigned by the Harbour Master, the Master gives notice thereof to the Consignee, and the Master is bound to begin delivering, and the Consignee to begin taking delivery of the cargo within twenty-four hours thereafter, provided the time allowed for entering the cargo shall then have elapsed.
- 2. The Master is bound to tender, and the Consignee to receive, cargo each working day, weather permitting, at the following rates, unless a larger quantity is mutually agreed on, or unless modified by

the Harbour Master, in virtue of the powers possessed by him under the Harbour Bye-Laws :—

c. The discharge of vessels laden with other non-dutiable goods to be carried on during the ordinary working hours according to the season of the year—unless when overtime is worked by mutual agreement, and Consignees are bound, weather permitting, to keep the discharge going continuously during said hours, and to receive and to remove the cargo from the ship's gangway in such a way as to enable the work to be carried on without interruption throughout the entire discharge to the full extent of the ordinary hours allowed for carrying on the work.

IV .- LAY DAYS WHEN THE NUMBER IS SPECIFIED.

1. The Master gives written notice to the Consignee when the vessel is in the Discharging Berth assigned by the Harbour Master and ready to discharge, and the lay days begin to count from the date on which the said notice is given; but the day of giving notice does not count as a lay day unless the said notice is received by the Consignee before Twelve o'clock noon.

2. In case the harbours are so crowded that the vessel cannot be berthed, the Master gives written notice to the Consignee when the vessel is in the Harbour Basin or moored at the Quays, and, provided she would have been ready to begin discharging if the berth had been available, such notice takes the place of that provided in the previous clause.

3. Days (not described as "running days") meaning working days

-i.e., Sundays and Customs and local holidays, do not count.

4. When the number of lay days is specially mentioned for discharging, the Master is bound to tender, and the Consignee to take delivery, of a proportionate quantity of the cargo each working day, unless some other quantity is mutually agreed on.

NOTE.—Should the said proportionate quantity be less than the quantity specified above (Section III., Clause 2), the Master is bound to tender, and the Consignee to take delivery, of the

latter quantity each working day.

5. When the number of lay days for discharging is the unexhausted balance of a number specified for discharging and other purposes, the quantity to be tendered and taken delivery of each working day is the

quantity specified above (Section III., Clause 2), unless a larger quantity

is mutually agreed on.

6. A day does not count against the Consignee if the discharge is interrupted through failure of the Master to tender cargo as above stated.

V.—SETTLEMENT OF FREIGHT.

1. Freights on wood and timber from ports in Canada and United States are payable, one-third in cash on arrival, and the remaining two-thirds on right and true delivery of the cargo, in good and approved Bills at four months, or in cash less four months' discount at the rate of five

per cent. per annum, from the date of completion of discharge.

2. All other Freights, except Coasting and Continental Freights are payable on right and true delivery of the cargo in cash, less one month's discount at the rate of five per cent. per annum, from date of vessel's report at Customs, in cases of cargoes from ports on this side of Cape Horn and the Cape of Good Hope, and less two months' discount at the said rate in cases of cargoes from ports on the other side of the said Capes.

3. Freights on goods payable by weight are payable on the net weight delivered, unless otherwise specially stipulated, except Coasting and Continental Freights, which are payable on the gross weight, unless otherwise specially stipulated. Freights payable by measurement are payable by calliper measure, unless otherwise specially stipulated.

4. When Freight is payable by a Bill on Usance on London or in cash equal thereto, cash without discount is meant, or a Bill for the same amount on London at such a date as the Banks here will grant

without charge.

5. Approved Bills means Bankers' Drafts or Acceptances guaranteed

by a Banker.

6. When the ship is consigned to charterers or their agents paying usual or customary commission, the consignee of the cargo is entitled to deduct two-and-a-half per cent. from the amount of Freight payable by him.

Note.—When Freight is to be paid in cash on right and true delivery of the cargo, without reference to the custom of the port, net

cash free from discount is meant.

MONTGOMERIE'S

EXTRACT OF MALT DIGESTIVE BREAD. BISCUITS, RUSKS, &C.

In the Manufacture, the BREAD, BISCUITS, RUSKS, &c., are put through a particular process before firing, and by the action of Paterson's Extract of Malt the Starch contained in the Flour is reduced to a minimum. The diastase of the Malt is made to act upon the Insoluble Starch, and to convert it into Soluble Dextrine, a change which is absolutely necessary as a part of the business of Digestion. Thus a bread is supplied so prepared that a part of the business of Digestion is already done, and is therefore more nutritious than ordinary bread, and is a valuable addition to the food of Children and Invalids.

The Subscriber respectfully intimates that he has acquired the right to manufacture the above for Greenock, Port-Glascow, and Gourock, and confidently recommends the same to his numerous friends and customers.

The bread may be purchased from the Vans when in locality.

THE BLEND!!

CAN strongly recommend my BLEND of Old-Matured HIGHLAND WHISKIES as being a Selection of the choice productions of the most Famed Distilleries of the North and West of Scotland, mixed so as to give full effect to the special qualities possessed by each. This Blend is pleasant to the palate, as it is mellowed by age. It is restorative, owing to the different Spirits being Blended with a due regard to their chemical properties. It is nutricious and wholesome, because it is distilled from the finest Scotch Barley, and that which contains the greatest amount of saccharine is only mashed. It is invigorating, and gives zest and an exhilirating tone to the constitution. This Celebrated and most delicious Old Spirit is composed of the very Cream of Old Highland Whiskies: is perfectly pure and divested of all Fusel Oil, peculiarly free from acidity, and is better adapted for general use than any other Spirit-Cognac Brandy not excepted. All the Whiskies used in this Noted Blend are specially distilled and kept in Customs' Bond for Ten Years before being used, and until they are toned and completely matured by age.
